About Us

Cheminée Designs creates custom and reproduction fireplace surrounds, moldings, fireboxes, and boiserie (fine woodwork). Our fireplaces and kitchen vent hoods are fabricated using fireproof cast stone. Our moldings are fabricated using fireproof, architectural-grade, reinforced plaster. We have developed a process for matching the stain of your existing woodwork, and all of Cheminée Designs' products can be fabricated for exterior applications.

Our Black Forest Fireplace, Black Forest Molding with Deer Mount, and Bordeaux Molding and Plaque are currently on display in Ski Country Antiques in Evergreen, Colorado. Our Bordeaux line includes a plaque, molding, and a fireplace surround, with a fireplace overmantel, kitchen hood, and mirror coming soon. The Bordeaux line is perfect for kitchens, wine cellars, butlers' pantries, dining rooms, restaurants, and wineries.

Our Bordeaux Plaque can be used as the centerpiece in a kitchen vent hood, as a decorative accent for a kitchen or wine cellar, or as the centerpiece for our Bordeaux Door Frame. Our Bordeaux Molding can be used to frame doors and windows, or to trim backsplashes, islands, niches, ranges or ovens, or to provide focus on your favorite wines. With the fine quality possible in Cheminée Designs' pieces, berries as small as 1/16" are perfectly detailed.
